

Hedgehog

Luna

It's no fun, it's no fun
Reading fortune cookies to yourself
Are you a fox or a hedgehog?
Do you care anymore? Wastin' time, wastin' time
Wastin' time all the while
I don't know what you're sayin'
But I hate it anyway A celebrity friendship
And another fashion victim
He's annoying, she's a liar
I don't know how she picked him Wastin' time, wastin' time
Wastin' time all the while
I don't know what you're sayin'
But I hate it anyway Can you make time for me
Would you make time for me?
I will wait patiently
It's no good, it's no fun
