

Heart Don't Lie

Jor'dan Armstrong

(Instrumental)..

- Right now you're teary-eyed,
Right now you're teary-eyed

1. Frightening, breakdown
Looking for a way you cross the line
So deep, you go- Fighting for air but you lost out
You gave it all the way
Left too dim alone
It's hard I know
I could search and then find your own
Listen up-

Pre-Chorus

You tried so hard to hold back what you show -Oh ah..
(Ohh..Ohh...Ohh..Ohh)
But now the words that you don't say I still know ooh
(Ohh..Ohh...Ohh..Ohh)
'Cause I can hear your heart cry

CHORUS

Oh..Oh..Oh..
(Oh aiih)..
No more flying high and crashing down
No...
(Oh aiih)..

You're worth much more than that
The past is over now
Don't let me break, don't let me break
(Break, break, break, break)
Don't, don't don't let me break don't let me break
(Break, break, break, break)
That's what it says
When I hear your (your)
(heart, heart, heart)
Do you hear your
(heart, heart, heart)
I'm here to rescue your
(heart, heart, heart)

Hear me calling your heart
(heart, heart, heart)
heart...
(Yeah..)

2. Right now you're teary-eyed
So emotionally paralyzed.
Oh yeah..Oh yeah
Service you can't lie
say you tried to start it
the world didn't matter
saying yeah....yeah
Slow down it won't last, it won't last
And your overboard
can take no more
No more oh

Pre-Chorus

You tried so hard to hold back what you show -Oh what you show..
(Ohh..Ohh...Ohh..Ohh)
(Oh Aiih... Oh Aiih...)
But now the words that you don't say I still know ooh
(Ohh..Ohh...Ohh..Ohh)
(Oh Aiih...Oh Aiih...)
'Cause I can hear your heart cry

{Back to CHORUS}
