Shake Some Action

Flamin' Groovies

I will find a way
To get to you someday
'Cause I, I'm so afraid, I'd fall
Now can't you hear me callShake some action's what I need
To make me bust out at full speed
And I am sure that's all you'll need
To make it alrightIt's taking me so long
To get where I belong
Lord don't make me
Send it back that way
Or I will make you payShake some action's what I need
To make me bust out at full speed
And I am sure that's all you'll need
To make it alright, make it alrightYou don't dig what I'm playing
Then I will go away
Oh and I will turn around this little game
'Cause I don't need your praiseShake some action's what I need
To make me bust out at full speed
And I am sure that's all you'll need
To make it alrightShake some action
That's what I need
Shake some action
That's what I needShake some action
That's what I need
Shake some action
That's what I needTo make it alright
To make it alright
