

# Dreamer

## Thirsty Merc

She's alright  
But I think about her more all night  
I guess I'm a dreamer  
I really wanna see her now I buy her things  
If pretty polly wants diamond rings  
I guess I'm a dreamer  
I really wanna see her now Sometimes I call her name  
But does she even feel my pain  
I don't know if she even knows that I'm there Well I take my time  
But I only hear the same old line  
I guess I'm a dreamer  
I really wanna see her now I guess I'm a dreamer  
I guess I'm a dreamer I guess I'm a dreamer  
I guess I'm a dreamer Well sometimes I call her name  
But does she even feel my pain  
I don't know if she even knows that I'm there Well I take my time  
But I only hear the same old line  
I guess I'm a dreamer  
I really wanna see her now I, want us to be together  
I, want us to be together  
That is true Well sometimes I call her name  
But does she even feel my pain  
I don't know if she even knows that I'm there Well I take my time  
But I only hear the same old line  
I guess I'm a dreamer  
I really wanna see her now  
I guess I'm a dreamer  
I really wanna see her now  
I guess I'm a dreamer  
I really wanna see her ... now
