BRAND NEW DAY

Alex Lloyd

When you feel as though you're falling
Every fear you can confide
When the night time is your dawning
Hard to see through troubled eyesWhat you wanted so
Had to let it goBrand new day is coming 'round the bend
Troubles reaching for the end
If you stray from the path my friend
I will pick you up againHard to wake up in the morning
Hard to see through so much light
With every dream you've had gone calling
Makes it harder to believeWhat you wanted so
Had to let it goBrand new day is coming round the bend
Troubles reaching for the end
If you stray from the path my friend
I will pick you up again, I will pick you up again
Troubles reaching for the endEverything that starts must end
Reaching for a new beginning
Everything that starts must end
Reaching for a new beginningBrand new day is coming round the bend
Troubles reaching for the end
If you stray from the path my friend
I will pick you up again, I will pick you up again
Troubles reaching for the endSaid, I'm lonely, won't you let me in
I'm longing for the day
