You'd rather take your house and make it out a trap (out a trap)

Whatever just to make me happy

And now a days I could easily say

I apologize for treating you so badly (sorry)

It felt like you just threw me away (what)

14 let em come take me away (yeah)

But you aint raise me to hold no grudge

So it is what it is, cuz it was what it was

You wanted me to be better than my daddy (my daddy)

I aint seen him in so long

But I love, the love, I get from my kids (when)

Every single night, when I get home

Tough love(tough love) I like that (I like that)

Thanks to you, Im back on track

And I aint too gangsta to tell you this (What)

Mama, you know I love you for that

Chorus:

I say a thug needs love too (thugs need love too)

I say a thuuggg neeedsss.

I say a thug needs love too

Even a thuuggg neeedsss love ...Verse 2:

They say the going get tough

Then the tough get going

(But what you do)But you stood 10 tall, not even knowing

None of us knew the outcome was gonna be

(What we knew)All we knew was they accusing me of selling the G's

They had in the can, Baby you never missed a court date(never)

Every single visit in there, you there to support me

And when I came home, I aint have to leave, You made sure I had everything that I need

I took a L with the sack, You let me bounce back

(aye what she is) Shes a definite blessing, I gotta count that (thank you)  
Friends told you that I was bad news, Ran with a bad crew, said Ima bad dude  
(what you do) And over them you chose Rock, so no matter what I got, you got  
(what you say) Over them you chose a thug, so its only right for me to show you some love

Chorus:

I say a thug needs love too (thugs need love too)

I say a thuuggg neeedsss.

I say a thug needs love too

Even a thuuggg neeedsss love ...

I say a thug needs love too

I say a thuuggg neeedsss.

I say a thug needs love too

Even a thuuggg neeedsss love ... Verse 3:

I still got all the clothes you made for me

And everything you taught me always stayed with me

You was always at church, while I stayed in the streets

I think the only reason Im here is cuz you prayed for me

You showed me right from wrong, taught me bout the power of tongue

That's why I keep it real no matter what, in all of my songs

Found them guns in your house, you coulda put me out

But you didn't cuz you knew what thug life was about

So you kept me in your prayers kept on giving me hugs

Kept on telling its more than life to selling these drugs

You know you hate the simple fact your grandbabys a thug

But no matter what I did, you still gave me your love

Chorus:  
I say a thug needs love too (thugs need love too)

I say a thuuggg neeedsss.

I say a thug needs love too

Even a thuuggg neeedsss love ...

I say a thug needs love too

I say a thuuggg neeedsss.

I say a thug needs love too

Even a thuuggg neeedsss love ...
