

Suspect Hostile

Bolt Thrower

Through the ages
As tensions rise
All hostile and unknown
Witnessing demise When lives are worthless
Under friendly fire
Suspected hostile
Target acquired Attained tac - recon - regain misuse
Spying eyes - reap the truth
Evolution proficiency
Air track engagement futility
Visual angle - 12 rad of ark
Filling scores - symbols coming dark No defiance - gather in all prey
Track rapid fire - impact point displayed
Hostile target verified
Positiob traced - you cannot hide
Mass destruct - initiate the cause
Range within low flight - acquisition within war All tributaries - ballistics in disruption
Confirmed kills integrity - N.C.T.R. corruption
Escape is to evade Rancor empowers
Its creation sets the trap
In vertical dimensions
New lightning wars to which man will
Bridge the gap
