Space Between Us

Sister Hazel

Took a left turn at Albuquerque
You went north and I went south
It's just time so don't you worry
Hard to wait but patience pays
Open my door the cupboard's bare
It's hard to give when nothing's there
All this shit and such confusion
Tell myself it's not an illusion
We need some space between us
Take a deep breath and clear my head
We need some space between us
Fall the wall, and build a bridge
We need some space between us
Don't go out and get a new thing
Hey hey hey
I've been here it's so familiar
Close the book I know the end
Want so much a different story
Want so much a different way
Just so much well it's just so much
And I'm up too close and I just can't see
Tryin' to think before I answer
And I'm trying' to walk before I run
We need some space between us
Take a deep breath and clear my head
We need some space between us
Fall the wall, and build a bridge
We need some space between us
Don't go out and get a new thing
Took a left turn at Albuquerque
You went north and I went south, ooh
It's just time so don't you worry
Hard to wait but patience pays
We need some space between us
Take a deep breath and clear my head
We need some space between us
Fall the wall, and build a bridge
We need some space between us
Don't go out and get a new thing

Hey hey hey
Hey hey hey
Hey hey hey
