

# Livin' On The Fault Line

## The Doobie Brothers

Patrick simmons

Underneath us all

There's a world that we always forget 'til it moves us

Where the moon on the bay dances all alone

Ramone, he draw the razor swift, it slice the air

No more lovely dreams of those summer nights

Down in santo domingo

They laugh and play in the sleepy harbor town

So unaware of the danger that's around

Livin' on the fault line

Livin' on the fault line

Livin' on the fault line

Livin' on the fault line

No one can run when it finally comes down

Nobody knows what is stirrin' underground

Caruso stumbled

While the city tumbled down

The palace was in splinters

Theodore was leaving town
