Advisory - the following lyrics contain explicit language:

Its my life and I'm a gonna live it
Take it to the limit it's Prime Time
Never too late better late than never
Nothing last forever it's Prime time
Can't hesitate, procrastinate
Not gonna wait it's Prime Time
Bring it on honey I'm a real go getter
Time was never better than Prime Time
I've had enough just wasting my time
I gotta get down to the real nitty gritty
While I'm in my prime
I'm gonna for broke I got a sure fire plan
This time I'm gonna go all the way
And I don't give a damn
Fast as it goes it's over 'for you know it
Go back to the beginning and start all over again
Its my life and I'm a gonna live it
Take it to the limit it's Prime Time
Never too late better late than never
Nothing last forever it's Prime time
Can't hesitate, procrastinate
Not gonna wait it's Prime Time
Bring it on honey I'm a real go getter
Time was never better than Prime Time
I won't give up I wanna get down
it's now or never so get outta my way
'Cause you know I ain't messin around
It's time to strike when the iron's hot
You gotta get it on while the gettin's good
Sh*t or get off the pot
Fast as it goes it's over 'for you know it
Go back to the beginning and start all over again

Its my life and I'm a gonna live it
Take it to the limit it's Prime Time
Never too late better late than never
Nothing last forever it's Prime time
Can't hesitate, procrastinate
Not gonna wait it's Prime Time
Cant' wait around 'til you hit rock bottom
Smoke'em if you got'em it's Prime Time
Its my life and I'm a gonna live it
Take it to the limit it's Prime Time
Never too late better late than never
Nothing last forever it's Prime time
Can't hesitate, procrastinate
Not gonna wait it's Prime Time
Bring it on honey I'm a real go getter
Time was never better than Prime Time
