Before We Die

Boy Hits Car

Before we dieCan the gracious night learn to protect us?

The sun sealed the day, after painting canvas sky beautifully

And now I watch the people rolling by my window

Wondering, if they have found what they are looking for Cause everyone has the sad song inside

That will forever keep us aliveSo where are you? Oh, my listless one

Are you still there writhing in what is gone?

Because if we don't go within then we may go without

Elation left to follow the silhouette of secretsProtruding evening, perhaps searching for

A new world before, before they die

"Cause everything wants to give its gift

To this silent world, before they die, dieWhere are you? Oh, listless one

Are you still there writing a sad song?

And will protect our love and, oh, how I long for

The rolling hills covered in nothing green grass

Where our thoughts will in touch our skinCan the gracious night learn to protect us?

The sun sealed the day, after painting canvas sky beautifully

And now I watch the people rolling by my window

Wondering if they have found what they are looking for Cause everyone has the sad song inside

That will forever keep us alive

'Cause everything wants to give its gift

To this silent world, before they die, die
