

# Come First

## Terror Jr

[Verse 1]

I got my own, don't need to buy me a drink  
Stop asking questions like you care what I think  
Cause it's great that you want me  
But I come with a warning  
So I'mma be real with you, I know what I need[Pre-Chorus 1]  
Ain't easy, you gotta earn it  
Don't mind just watching you hurt it  
Keep trying, practice makes perfect  
(Oh, oh, oh)[Chorus]  
Baby, know that I come first, first, first  
Baby, know that I come first, I come first, I come first  
Baby, know that I come first, first, first  
Baby, know that I come first, I come first, I come first[Verse 2]  
I got my own, don't need to roll me a blunt  
Don't ask me questions like you care if I'm dumb (Oh?)  
Take my treasure in your hands  
Better get with the program  
I'll let you stay if you do something I like[Pre-Chorus 2]  
I'm bossy, you can work for me  
So sorry, that I'm not sorry  
I'mma work you into the morning[Chorus]  
Baby, know that I come first, first, first  
Baby, know that I come first, I come first, I come first  
Baby, know that I come first, first, first  
Baby, know that I come first, I come first, I come first[Bridge]  
Keep me satisfied  
I can make your head spin baby  
Just look me in the face, ooh  
I'mma show you what I like  
No, it ain't about you  
I gotta get me, myself, and mine[Chorus]  
Baby, know that I come first, first, first  
Baby, know that I come first, I come first, I come first  
Baby, know that I come first, first, first  
Baby, know that I come first, I come first, I come first[Outro]  
Baby, know that I come first, I come first, I come first
