

# High

## Wire

High on snowploughs  
Escape bleak loveless  
Our maple leaf  
Ancestral shame  
The where and when to  
You aspire  
A Wren born guide  
To London's spires  
Denounce the church  
Of herding cats  
Build pyramids  
Of acrobats  
The who and what to  
You desire  
An arsonistic  
Love of fire?  
The how, in if  
For budding liars  
The Trappist guide  
To happy hours
