

Haywire

Bootstraps

a street riot outside,
they wont reign em in tonight seen the crowd from ya rooftop,
said 'they can't take their eyes off all they want, don't matter if the city goes' haywire,
haywire its only you and i as our cities gone, haywire a motorcade busted up,
flames pour out the roofline seen it spark up again,
just when we thought it'd died won't ya lie low and watch the city go haywire,
haywire its only you and i, as our cities gone, haywire, haywire its only you and i, as our cities gone,
haywire hayyywire, hey hey...
