Telescope

Mindy Smith

I wish I had a telescope to guide this ship tonight
And at break of light bursting through the sand heavy sky
How do I get to you now?
I guess I'll have to learn how to swim, so I won't drownI wish I had a little hope to help me feel alright
And happy inside running through the sand heavy mind
How do I get to you now?
Guess I'll have to learn how to breathe and work it outAnd I'll float the waves of rolling tides
I'll set my pace, bide my time
And I'll get to you, I'll get to you
I'll get to you, my loveI'll float the waves of rolling tides
And I'll set my pace, bide my time
And I'll get to you, I'll get to you
I'll get to you, my love
