You're In A Bad Way

Saint Etienne

Toast is burnt
And your coffee's cold
And you leave all the post
'Cause it's nothing but bills againHome from work
Put the TV on
Get your kicks watching
Bruce on the old generation gameJust dial my number
I've got some plans for you
You're in a bad way
And I can help you throughYou're in a bad way
Every day seems just the same
Just dial my number
And call my nameJeans are old
And your hair's all wrong
Don't you know that crew cuts and
Trainers are out againGoing out
You're feeling low
Running for cover
It looks like it's going to rain
(What a shame)Just dial my number
I've got some plans for you
You're in a bad way
And I can help you throughYou're in a bad way
Every day seems just the same
Just dial my number
And call my nameJust dial my number
I've got some plans for you
You're in a bad way
And I can help you throughYou're in a bad way
Every day seems just the same
Just dial my number
And call my nameYou're in a bad way
You're in a bad way
You're in a bad way
...
