

# Slow Black River

## Iron & Wine

Lost my watch, watch and chain  
But time's not lost  
This time we walk together beside the slow black river  
Water-walking over mud  
You whisper something  
Something good in my ear  
So I stop so I can hear: "Darling, I'm the one to blame  
I threw your watch and chain  
To where I don't know  
Inside the tall grass meadow  
You'll forget, forget in time  
Remember this:  
Your hand in mine forever  
Beside the slow black river  
"Lost my watch, watch and chain, to her today  
But time it has no meaning  
When her and me are walking  
Darling, I'm the one to blame  
I love you still  
And timeless now forever  
Together by the river
