

Cero a la Izquierda

Los Huracanes del Norte

and more than a month ago I do not watch, and I feel depressed
not to see you
the last time I looked we decided to separate
I will not be able(2) I invite you to take a coffee
today at 5
I'm sticking to leaps of emotion I want to see to tell you that I love you
I can not forget
that I need your lips to your claims
without you I'm nobody I feel a zero
if I do not have you with me
my life is upside returns please
my love I ask
my love I ask
