The Word Alive

You'll get what you deserve for fucking with me
You'll get what you deserve for fucking with me You're not the first you won't be the last
Your days are numbered so make them last No one will recognize me,
A new face a cold heart to stand in your way I know I said you'd be okay
Forgiveness won't come your way Well I lied, it's time you fucking die
You've dug your grave, it's time that you pay No one will recognize me
A new face a cold heart to stand in your way
No one will recognize me
A new face a cold heart to make you break I'll finish you
I'll finish you
I'll finish you You thought you could get away and you thought you could escape
Your time is up (your time is up)
You can't hide from me No one will recognize me,
A new face a cold heart to stand in your way Now this is what you get for taking my life away
You can't run away (you can't run away)
