

# Everything To Me

## Planetshakers

When I feel down I look to you  
When I feel low your words ring true  
Its not by might or in my strength  
But its by your spirit moving in my life  
Cos God you are my life I will praise you  
You're everything to me  
I'll live for you  
You're the reason that I sing  
I won't go back to the way it used to be  
Cause I've found you and your everything to me At times when I look down and all I see is  
Sinking sand  
I'm thankful that it's you the solid rock on  
Which I stand
