Coming Down

The Weeknd

Oh ohh (x5)
I got something to tell you but don't know how imma say it,
I guess that I could only say one thing,
Girl I been bad again, girl I been bad again,
Cause with this money comes problems
and with these problems comes solutions,
And I use em'
When I'm faded i forget..
Forget what you mean to me,
Hope you know what you mean to me,

Pick up your phone,
The party's finished and i want you to know,
I'm all alone, im feelin' everythin before i got up
I always want you when I'm coming down (x8)

Poppin again, I tried to quit again,
I'm always tight with something I begin
That's why my niggas got me to the end,
Supply what I take, I take what I spend baby,
I ain't lying to nobody but me.
And you, and me,
But you especially,
Pick up your phone,
The party's finished and I want you to know ,
I'm all alone, I'm feeling everythin' before I got up
I always want you and I'm coming down (x8)
Pick up your phone,
I'm all alone
I always want you and I'm coming down (x8)
