Girl you wanna do it? Baby just come with me

(That could be us, be us, be us)

(That could be us, be us, be us)

(That could be us, be us, be us) [Verse 1: Maino]

Drop dead gorgeous, diamonds in the necklace

She serious, Louis Vuitton princess

Somebody girl, she probably might be one

I know a real bad bitch when I see one

I'm like, it feels me, hot hon, because she the kind of girl a nigger need sun

No games, I'm serious, I think I really like her

Oh lord, she's it, I'll wife her

Hoping I can close enough to try her

Man, I would lock her down, life her

Cause she the baddest bitch in the world

And all I think is how I'm supposed to make her my girl

Damn, I just wanna get the chance to please her

Look at Jay Z and B, that could be us

You got what I need, I knew it

Let's not waste time, let's do it [Chorus: Robbie Nova]

See we could do it big like Beyonce and Jay-Z

Livin that life like Swizz and Alicia Keys

Barack and Michelle! We could start our first family

Girl you wanna do it? Baby just come with me

(That could be us, be us, be us)

(That could be us, be us, be us)

(That could be us, be us, be us)

(That could be us, be us, be us) [Verse 2: Maino]

Presidential dine, presidential nights

You Michelle Obama, the president's wife

I did made my old girl jealous

On the red carpet, now my new chick famous

My dog told me lately I ain't focused now

Cause it's clear, Shawty got me opened now
She really got me spending like a fan
I ain't in and out of club, I'm a different man
I used to play around with the groupies, yeah
then I gave the groupies up
Long hair, gleam eyes, religious mean thighs
I ain't tripping off of what my boys said
I'm just trying to be her boyfriend
And you ain't got to worry about them chicks
Cause baby, you here the bitch[Chorus: Robbie Nova]
See we could do it big like Beyonce and Jay-Z
Livin that life like Swizz and Alicia Keys
