

Beautiful Love

Shine Bright Baby

Not looking at what I've done
You're taking me as I am
It's a beautiful love, beautiful love
All You give, I'm gonna give in to all I see
'Cause what I'm seeing is You and me
It's a beautiful love, beautiful love
A beautiful love, beautiful love

It's kinda crazy when I think about
What you've done and what you're doing now
Every day Your mercy saves
When I get lost, You make a way
All the love that You've given me
Goes beyond the sky I see
The ground below, the in between
Lord, I believe

You're not looking at where I've been
Not looking at what I've done
You're taking me as I am
It's a beautiful love, beautiful love
All You give, I'm gonna give in to all I see
'Cause what I'm seeing is You and me
It's a beautiful love, beautiful love

Everybody wishes they could change their past
He's forgiving everything, so don't look back
Everybody wishes they could change their past
He's forgiving everything, so don't look back
It's a beautiful love

You're not looking at where I've been
Not looking at what I've done
You're taking me as I am
It's a beautiful love, beautiful love
All You give I'm gonna give in to all I see
'Cause what I'm seeing is You and me
It's a beautiful love, beautiful love
It's a beautiful love, beautiful love

It's a beautiful love
What a beautiful love
