

# Smart Dogs (Live at Moles)

## Kula Shaker

Dancing in your shadow I was riding through a different state of mind  
No one can perceive the state I'm in it's like the living world is blind  
It's a feeling like no other  
spending easter with your mother darling it's a freaky roller coaster ride  
Well if you know the feeling baby peel me off the ceiling baby  
Did you know that planet earth was blue  
turning blue  
Don't you try and talk to me  
I'm a space man sitting in the sky  
I'm a sleeping sweetly honey  
let the sleeping pretty smart dogs lie  
Let 'em fly  
Wait until tomorrow see the summer sun upon the ocean sky  
Look to the creator  
see the master of magicians fantasize  
It's a feeling like no other  
spending easter with your mother darling it's a freaky roller coaster ride  
Well if you know the feeling baby peel me off the ceiling baby  
Did you know that planet earth was blue  
turning blue  
Don't you try and talk to me  
I'm a spaceman sitting in the sky  
I'm a sleeping sweetly honey  
let the sleeping pretty smart dogs lie  
Let 'em fly
