Suede

Back where the dogs bark
Where still life bleeds the concrete white
Try not to go too far inside your mind
Back where the cars decide
Where the lamed star limps an endless mile
Have I gone too far inside my mind? Oh, if you were the one, would I even notice
Now my mind has gone?
Oh, if you were the one, would I even notice? Back where the car was parked
Where the canine in the a-line stole your time
You can only go so far for womankind
Oh, if you were the one, would I even notice
Now my mind has gone?
Oh, if you were the one, would I even notice? You can only go so far, you can only go so far
You can only go so far in your mind
Does your love only come? Does your love only come?
Does he only come in a Volvo? Does he only come?
Does your love only come? Does he only come in a Volvo?
