Work Me Slow

Xscape

Play me some music, and pour me some wine
I'm in the mood now, I got love on my mind
I want you to know, that I like it real slow
And whenever your ready, you can slide off my clothes
And touch my body, anywhere
I'm yours tonight, make it right
Baby just take me thereTake your time and work me slowly
(Work it)
'Cause I'm the kind of girl
Who needs the kind of guy that can last
(Work it, work it)
Don't need a man around
If he's throwin' down too fast
You gotta work me slowlyNow change your position, and keep it right there
Just go with my motions, rub your hands through my hair
I hope you don't mind it, if I let out a scream
'Cause it's feeling to good to me, it's more than I dreamed
It's more than pleasure, it's ecstasy
Up and down, round and round
Baby just come with me, take your timeTake your time and work me slowly
(Work it)
'Cause I'm the kind of girl
Who needs the kind of guy that can last
(Work it, work it)
Don't need a man around
If he's throwin' down too fast
You gotta work me slowlyThen in the morning
We'll do it all over again
(Do it all over again)
I don't want this feeling to never end
(Never end)
I can't believe how you're loving me
You give me all
(You give me all)
I can't believe your still stroking me
'Cause baby you're taking it allTake your time and work me slowly
(Work it)
'Cause I'm the kind of girl
Who needs the kind of guy that can last

(Work it, work it)
Don't need a man around
If he's throwin' down too fast
You gotta work me slowlyTake your time and work me slowly
(Work it)
'Cause I'm the kind of girl
Who needs the kind of guy that can last
(Work it, work it)
Don't need a man around
If he's throwin' down too fast
You gotta work me slowly
