

I Choose to Worship

Wess Morgan

Verse 1:

For so long I've been silent.
And for so long I did not have a song of praise.
Depression filled my day
And clouds blocked my way.
But there was a voice speaking to me,
waking the passion so quiet in me, in me.
So still in me.
But I made up my mind...

Chorus:

I choose to Worship.
I just cant give up.
I choose to worship.
I mind is made up.

Verse 2:

And is that your voice calling me
into that secret place with thee?
My heart is longing for this moment with thee.

(Chorus)

Vamp:

He's healing me, I've got to worship
(repeat x)
