

# Getting Warmer

Gwen Stefani

[Verse 1]

I got an idea, you can save me, and I can save you  
I got an idea, we can be nice and we can tell the truth  
Yeah, we can be decent, and we can be honest  
I got an idea, you can save me, and I can save you[Pre-Chorus]

Is this real? I don't know

Oh, so let's play, hot and cold[Chorus]

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I closer to the sun, sun?

Am I getting warmer?

Tell me baby are you the one, one

Am I getting warmer?[Verse 2]

I got an idea, you can like me, just like I like you  
I got an idea, I can tell you everything, like we're supposed to do  
Let it be mutual, let it be crucial

I got an idea, you can save me, and I can save you[Pre-Chorus]

Is this real? I don't know

Oh, so let's play, hot and cold[Chorus]

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I closer to the sun, sun?

Am I getting warmer?

Tell me baby are you the one, one

Am I getting warmer?[Bridge]

May be this time I might get it right if you let me, so let me  
May be this time I might get it right if you let me, so let me[Chorus]

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I getting warmer?

Am I closer to the sun, sun?

Am I getting warmer?  
Tell me baby are you the one, one  
Am I getting warmer?
