

Animal Instinct

Elvis Presley

Don't ever take your eyes off me
Not even for a minute
'cause like a panther I might pounce
And that will be the limit I can be sneaky, fast as a snake
I strike like a cobra, make no mistake
And baby you'll be trapped, quick as a wink
It's animal instinct Don't think that I won't pin you down
No matter how you plead it
I'm like a lion who's been caged
And you are gonna meet it Watch out I'll warn ya', sharp as a hawk
I'm wild as a tiger, I prowl and I stalk
'cause when a man feels thirst, he takes a drink
It's animal instinct
