

# Until You Were Gone

## The Chainsmokers

Thought that I'd be better off  
If I were on my own  
I tried to put my finger  
On the moment we went wrong But the taste turned bitter  
So I pulled the trigger  
Not so easy to move on  
I guess I should have known Ice cold, I freeze up when I see ya  
Left you just to find out that I need ya  
So far, I wanna pull you closer  
I wish we could start the whole thing over Ever since I left you  
I've been trying to get you back  
And it keeps getting worse  
I'm burning on the inside  
And the truth is that I didn't know how good you were Until you were gone  
Until you were gone I was always told that only time would heal the pain  
And even though it's been so long, it still hurts just the same  
Yeah you know I'm finding that the break was binding  
I take back everything I said, ooh, won't you just come home? Ice cold, I freeze up when I see ya  
Left you just to find out that I need ya  
So far, I wanna pull you closer  
I wish we could start the whole thing over Ever since I left you  
I've been trying to get you back  
And it keeps getting worse  
I'm burning on the inside  
And the truth is that I didn't know how good you were Until you were gone  
Until you were gone  
Until you were gone  
Until you were gone
