

You and I (feat. Christopher Marlowe)

[Nancy Lamott](#)

You and I will travel far together
We'll peruse are little star together
We'll be as happy as we are together
We may never get to heaven
But its heaven
At least you tried You and I are going on together
Till the time is gone we have toghether
Watch the evening drawing on together
Growing older growing closer
Making memories that light the sky
That only time can make
That only love can make
That only we can make
You and I You and I are going on together
Till the time we have is gone together
Watch the evening drawing on together
Growing older growing closer
Making memories that light the sky
That only time can make
That only love can make
That only we can make
You and I
