

Day Is Done (Nick Drake cover)

[Norah Jones](#)

When the day is done
Down to earth then sinks the sun
Along with everything that was lost and won
When the day is done When the day is done
Hope so much your race will be all run
Then you find you jumped the gun
Have to go back where you began
When the day is done When the night is cold
Some get by but some get old
Just to show life's not made of gold
When the night is cold. When the bird has flown
