

James (Alternate Version) [Bonus Track]

Allstar Weekend

(Hi James)Known ya since we were younger.
Even now that you're older,
You're still a kid so curious,
Who's peeking over my shoulder.
You always drift around,
But you never let me down.
I trust that you'll be yourself,
Don't act like you're no one else.
And you could be a space case,
But you do it your own way.
There's a strange sincerity,
That make them girls go crazy.
Maybe it don't make sense,
We don't have to understand.Dubado dubado dubado dubado dubado (Oooooowwww!)James!
Doesn't try, but still attracts the babes!
All the guys say he's got no game.
We can laugh,
But in the end now everybody's on a date with my buddy James!
And everybody knows his name.
He's been driving everybody insane.
They wanna be like James.Dubado dubado dubado dubado dubadoWhen you're talking to a lady,
It's awkward entertainment.
You freeze up like a Popsicle,
While they're melting on the pavement.
It's not the clothes you wear,
Don't have to die that hair,
No need to go for new,
You should just stick with you.
Always been the nice guy,
Living on the sidelines,
So afraid to take a chance,
So step into the limelight.
People like underdogs,
Someone worth fightin for.Dubado dubado dubado dubado dubado (Oooooowwww!)James!
Doesn't try, but still attracts the babes!
All the guys say he's got no game.
We can laugh,
But in the end now everybody's on a date with my buddy James!
And everybody knows his name.

He's been driving everybody insane.
They wanna be like James. Dubado dubado dubado dubado dubado
When you walk into a room,
Making everybody swoon.
So invincible.,
The writing's on the wall.
Yeah James!
Doesn't try, but still attracts the babes!
All the guys say he's got no game.
We can laugh,
But in the end now everybody's on a date with my buddy James! James!
Doesn't try, but still attracts the babes!
All the guys say he's got no game.
We can laugh,
But in the end now everybody's on a date with my buddy James!
And everybody knows his name.
He's been driving everybody insane.
They wanna be like James. Dubado dubado dubado dubado dubado
That's my friend James!
