

# Till You're Gone

**Barbara Mandrell**

How many days, how many ways  
Do I have to lose you 'till you're gone?  
How many nights, how many lonely nights  
Do I have to lose you, darling, 'till you're gone? It happens every time I think  
I'm getting over you  
Something 'bout somebody new  
Gets me thinking about you How many times, how many times  
Do I have to lose you 'till you're gone?  
I wanna know, do I have to lose you 'till you're gone? I see you on the late show  
I hear you on the radio  
Darling, everywhere I go  
Your memory is there How many times, how many times  
Do I have to lose you, darling, 'till you're gone?  
I wanna know  
Do I have to lose you, darling, 'till you're gone? How many days, how many nights 'till you're gone?  
I wanna know  
I wanna know, darling
