

Stay

Alana Davis

Iâ€™ve been on the search for love to come
How will it find me?
I looked at the reasons I begun
They donâ€™t remind me
I give myself over every time
Iâ€™m looking forward
But it always ends up that Iâ€™m the one
Going nowhere

So, Iâ€™ll wait undercover
for another day
And dream of a lover
whose love for me will stay

I look at the other hearts I know
Theyâ€™re always broken
They chalk it up to experience,
Calling it progress
Well Iâ€™ve grown indifferent to the game
Itâ€™s all a program

When winning and losing feel the same
Why am I hoping?

Love has a cover
Thereâ€™s a price you pay
Iâ€™ll wait another whole life for love
That can stay

I know youâ€™re out there
Will you wait for me?
I know youâ€™re out there
Will stay with me?

Iâ€™ll wait undercover
for another day
And dream of a lover
whose love for me will stay

When I lock the door and settle in

My conscious warns me
It always seems like loneliness
Just becomes me

Well I promise you eternity
You can always trust me
Until you call for me to stay
Where I donâ€™t wannaâ€™ be
So, Iâ€™ll wait undercover
for another day
And dream of this lover
who knows my pain

I will wait for another
Whole life, for the day
Iâ€™ll wait for a love
I will wait for a love
To stay

Wait for me
