

# Trixie

## Ringside

Oh my, my mind's playing tricks on me  
I'm falling for something I know I cannot reach  
Can I lay with you and still live with myself?  
I feel I know you but you're someone else Oh, you're so cruel  
To do what you do to me  
Your kind of woman  
No man should need  
You infect me Trixie girl, man you're good  
You're the low spark in my neighborhood  
And damn, you're convincing  
I can't stand you kissing the other guys  
Come back to my window and cry like a school girl  
In your sad disguise Oh, you're so cruel  
To do what you do to me  
Your kind of woman  
No man should need  
You infect me Hey, you're so cruel  
Do what you do to me  
Your kind of woman  
No man should need  
You infect me
