

You Can't Stop Steel

Midnight

When your soul's in the red
And there's no turning back
When you're forgotten and dead
Now's the point of attack
Heartful of fire
With no one left to tell
Down to the wire
Now we reign in hell... in hell
You can't stop steel the beast will rise again
You can't stop steel to hell we send
At the out break of bombs
Get off your knees and fight
Battle lines have been drawn
The end is soon in site
Doom in the heavens
Disaster in the hells
Sink in the dagger
Now we reign in hell... in hell
