Shaken Tight

NÃ„M

Story, Shaken tight, its been a day

Bloods been flowing strong since yesterday

Somewhere beneath these crippled eyes wondering how my pain has caused

Your pains, didn't mean to share, and i've just been looking into that deep hold and staring

I'm here don't take it away

I care, just tell me to stay

And I call your name

Suddenly he couldn't breathe

Cause I want you to know

My pain, how I feel

Oh you don't know how I feel (x4)

Story, shaken tight, its been a day

Some of these things I'd rather not say

How far can we go

Before our tired hearts reach their home

And I call your name

Suddenly, couldn't breathe

Cuz I want you to know

My pain, how I feel

Oh, you don't know how I feel (x4)
