Love You Out Loud

Meat Loaf

I sit in my living room thinking of you
And the feelings I fear are coming true
And everything about you is wrong I know it
But I still taste you on my tongue
And I still breath you in my lungs
And I wish I could stop breaking down
Wish I could love you out loud
Wish I could love you out loud
But I'll just keep it to myself
Wish I could hear how it sounds
To be with you and no one else
Don't make a sound
Don't tell a soul
It's 7:00am and I just want to call you
And tell you I'm falling in love
But, there's somebody else inside these four walls
If she smells you on my skin
I can't let her know where I've been
I wish I could be with you now
Wish I could love you out loud
Wish I could love you out loud
But I'll just keep it to myself
Wish I could hear how it sounds
To be with you and no one else
Wish I could love you out loud
Because I'm under your spell
Wish I could tell the whole world
But I'll just keep it to myself
Don't make a sound
Don't tell a soul
Don't tell them anything
And I won't let you go
Don't say a word
Don't tell a soul

And I shiver at the thought of you
I can't believe that you love me too
And we quiver when we touch
I can't believe I love you so much

And I hate it when you walk away
I know we can't go on this way
But there's magic when we touch
I can't believe I love you so much
Wish I could love you out loud
Wish I could hear how it sounds
Wish I could love you out loud
Wish I could hear how it sounds
Wish I could love you out loud
But I'll just keep it to myself
Wish I could hear how it sounds
To be with you and no one else
Wish I could love you out loud
Because I'm under your spell
Wish I could tell the whole world
But I'll just keep it to myself
Don't make a sound
Don't tell a soul
Don't tell them anything
And I won't let you go
Wish I could love you out loud
But I'll just keep it to myself
Wish I could hear how it sounds
To be with you and no one else
Wish I could love you out loud
Because I'm under your spell
Wish I could tell the whole world
But I'll just keep it to myself
Wish I could love you out loud
Wish I could hear how it sounds
Wish I could love you out loud
Wish I could hear how it sounds
Wish I could love you out loud
