

Freaking Out

Sticky Fingers

I was so much an outcast
No one ever liked me 'cause I wasn't wanted
I was so different from the rest of them all
 Fucked up on the drugs, from all the speed
 And I never got no sleep
 'Cause I kept on trippin' over what they said
 And everythin' that my mom said, made me mad
 And everythin' that my dad said, made me sad
 Why am I even tryin'?
 I'm cryin' out, I'm cryin' out
 I cannot seem to keep from freakin' out
 Spinny round, spinny round, I've fallen down
 I cannot seem to keep from freakin' out
 You keep shootin' those glances
 Relatin' to the rawness, I'm a fuckin' lost kid
 Tryin' so hard to become just like me, talk like me, walk like me
 You keep trippin' on everything I wear, every time I swear
 Even when it comes to my hair
 It seems like you don't have the time to relate to my kind
 I'm not a dope pullin' your life
 Why am I even tryin'?
 I'm cryin' out, I'm cryin' out
 I cannot seem to keep from freakin' out
 Spinny round, spinny round, I've fallen down
 I cannot seem to keep from freakin' out
 I'm trippin' out, I'm trippin' out
 I cannot seem to keep from freakin' out
 Draw me down, break me down, I've hit the ground
 I cannot seem to keep from freakin' out
 Your dreamin' dreads
 Are you still trippin' on me?
 You're drinkin' dread
 Are you still trippin' on me?
 Now do you drift?
 Are you still trippin' on me?
 Now do you drift?
 Why are you trippin' on me?
 I was so much an outcast
 Find a way to make it right
 I was so much an outcast
 I can't seem to find a way to make it right
 I was so much an outcast
 No one ever liked me
 I can't find a way to make it right

I was so much an outcast
I can't seem to find a way to make it right
Why am I even tryin'?
I'm cryin' out, I'm cryin' out
I cannot seem to keep from freakin' out
Spinny round, spinny round, I've fallen down
I cannot seem to keep from freakin' out
I'm trippin' out, I'm trippin' out
I cannot seem to keep from freakin' out
Draw me down, break me down, I've hit the ground
I cannot seem to keep from freakin' out
I'm cryin' out, I'm cryin' out, I'm cryin' out, freakin' out
Draw me down, break me down, I've hit the ground
I cannot seem to keep from freakin' out
