

Never Time

[Nick Roes](#)

I remember you saying, youâ€™d love me forever
Your love was forever, our love was forever
I remember me telling you things might get rough
You said youâ€™d never leave, our love was enough
But now itâ€™s Never Time
This is the end of the line
And no one ever rides for free
And you were never leaving me

I remember you saying, our love was me forever
Your love was forever, youâ€™d love me forever
I remember me telling you things might get rough
You said youâ€™d never leave, our love was enough
But now itâ€™s Never Time
This is the end of the line
And no one ever rides for free
And you were never leaving me

The way I feel just canâ€™t be real
Itâ€™s not how things should be
I got love to give
But I donâ€™t want to live
If youâ€™re not here with me

I remember you saying, your love was forever
