

Twenty Two

Bad Cash Quartet

I'm one year older now since last time I saw you
In case you wanna know, I'm about to say what I'm up to
First of all, I'm a sluggard movin' slow in a clumsy way
Some peace of mind is what I want but that will be the day
I've been going with the flow for too long now, this must end
Running 'round in circles, I've been so far away from myself
Searching for the energy and the time to make a change
To make a change in my life instead of watching it pass by
Get something done while I'm alive
I'm twenty two, don't know what I'm supposed to do
Or how to be, to get some more out of me
I'm twenty two, so far away from all my dreams
I'm twenty two, twenty two, feeling blue
I try to activate myself the best I can
So that boredom won't catch up with me, I've got my daily plan
Wake up late, then rehearse a bit with the band, I guess it's cool?
Later when I'm home again I boil a note or two
Then I go to bed that's what I do
I'm twenty two, don't know what I'm supposed to do

Or how to be, to get some more out of me
I'm twenty two, so far away from all my dreams
I'm twenty two, twenty two, feeling blue
Afraid that I will be weak forever
And I can't stay in this shape any longer
My life's just another clinch
I've been going with the flow for too long now, this must end
Running 'round in circles, I've been so far away from myself
I try to activate myself the best I can
So that boredom won't catch up with me, I've got my daily plan
'Cause I'm twenty two, don't know what I'm supposed to do
Or how to be, to get some more out of me
I'm twenty two, so far away from all my dreams
I'm twenty two, twenty two, feeling blue
I'm twenty two, don't know what I'm supposed to do
Or how to be, to get some more out of me
I'm twenty two, so far away from all my dreams
I'm twenty two, twenty two, feeling blue
