Bad Boys Running Wild

Scorpions

Out in the streets

The dogs are on the run, the cats are all in heat

Out in the streets

Snakes are all around you, dirty rats are on their way
They control you and they'll make you playOut in the night
Glaring eyes in darkness, tigers wanna fight
Out in the night

Spiders all around you, spinning webs and make you pray Tie you up and you can't get awayBad boys running wild If you don't play along with their games

Bad boys running wild

And you better get out of their wayOut in the streets
The dogs are on the run, the cats are all in heat
Out in the night

Spiders all around you, spinning webs and make you pray Tie you up and you can't get awayBad boys running wild If you don't play along with their games

Bad boys running wild

And you better get out of their wayBad boys running wild

If you don't play along with their games

Bad boys running wild

And you better get out of their way

Way, way, get out of their wayBad boys running wild If you don't play along with their games

Bad boys running wild

And you better get out of their wayBad boys running wild

If you don't play along with their games

Bad boys running wild

And you better get out of their way

Way, way, get out of their way
