One Life

Hedley

OH OH one life
OH OH one life
OH OH one life
one chance two lips free falling were about to lose our GRIP now
5 minutes too late cant be messing with fate it's time to get LOUD
CHORUS:
Cause we've been up when we should of been sleeping
we've been down when we could of been high
we'll come alive TONIGHT
WHOA
it's a great big world and you'll see
it could pass you by a light speed
you've got one life one life
don't stop living up WHOA
if it's the last night in these streets
you would be a fool to take a seat
you've got one life
OH OH
one life
OH OH
one life
don't stop don't stop living up x2
Last thing you wanna make is your first mistake but it's too late now
so get up, get ready not everybody is betting against you anyhow
CHORUS:
Cause we've been up when we should of been sleeping
we've been down when we could of been high
we'll come alive TONIGHT
WHOA
it's a great big world and you'll see
it could pass you by a light speed
you've got one life one life
don't stop living up WHOA
if it's the last night in these streets
you would be a fool to take a seat
you've got one life

OH OH
one life

OH OH
one life
don't stop don't stop living up
If you stop and think
you might start to sink
you cant get it if you don't keep giving
CANT GET IT IF YOU DON'T KEEP GIVING (giving)
OH!!
CHORUS:
It's a great big world and you'll see
it could pass you by at light speed
you've got one life
one life
Don't stop living up WHOA
if it's the last night in these streets
you would be a fool to take a seat
you've got one life
one life
Don't stop living up
OH OH
one life
OH OH
one life
OH OH
one life
Don't stop don't stop living up
OH OH
one life
OH OH
one life
OH OH
one life
Don't stop don't stop living up
Don't stop don't stop living up!!
:D
