

# Burned By the Devils Fork

## Sinners Burn

Burned, Burned, Burned by the devils fork  
Falling off the edge of the world, down through the portals of hell  
Where the fire still burn and the weaker work and learn  
From the book of the dead, how to burn and rot in hell  
Burned, Burned, Burned by the devils fork  
Satan smiles while you die in the purifying depths of hell  
No more life no more hope, demons surround your hopeless soul  
Cured by the spell of sorrow, pounding harts full of pain  
Burned, Burned, Burned by the devils fork  
Giant kingdom down below  
Where lord of flies sit and wait  
Poor lost souls are burned  
Tormented and stricken with fear  
Satans wrath is at hand  
Come walk with me into the fire  
Burned, Burned, Burned by the devils fork
