

# Crossing the Cannon

## Dinosaur Feathers

Take a dive in and swim with me

Cross a line out and begin with me Crossing the cannon, crossing the cannon, crossing the cannon you

Crossing the cannon, crossing the cannon, breaking a heart in two

Crossing the cannon, crossing the cannon, what can a poor boy do?

Crossing the cannon, crossing the cannon, crossing the cannon you Now that we've learned there's a thousand  
ways to cross the cannon baby
