Song for a Lost Friend

Badfinger

You had a dream
You know you dreamt so much
You had a dream
You know it meant so much

You're just a victim
Of the circumstance
I mean what else could you do
You saw your dream
And you just took a chance
And for a while your dream came true
What could you do

You had a goal
You know you aimed so high
You had a soul
You knew you had to try

You're just a victim
Of the time of day
No matter what you say or do
You saw your dream
And you just took a play
And for a while your dream came true
What could you do, what could you do

You're just a victim
Of the circumstance
I mean what else could you do
You saw your dream
And you just took a chance
And for a while your dream came true
What could you do

What could you do
What could you do
