

# Brakes

## Mexicolas

There's too many people  
There's too many people in this room  
They're talking in circles  
Laughing at everything I do  
I'm trying to stand up  
I'm trying to stand up on my own  
You're putting the brakes on  
You're putting the brakes on

Moving in so slow  
As I'm taking off your clothes  
Step on my toes  
Be the girl I used to know  
Be the girl I used to know

Now I'm only human  
So you better handle me with care  
Leave me sedated  
And I'm not going anywhere  
You started a rumor  
You started a riot in my heart  
You're putting the brakes on  
Just stop putting the brakes on

Moving in so slow  
As I'm taking off your clothes  
Step on my toes  
Be the girl I used to, no one, no one knows  
Where's the girl I used to know  
Where's the girl I used to know

You're making it hard for me  
To give up so easily

Just presume my love  
That's it's just an awkward..  
Breathe in let go  
I declare you're looking fine  
Move in so slow  
As I'm taking off your clothes

Be the girl I used to know  
Where's the girl I used to know
