Shoes

Jesse James

Its not the way you walk.,
its not the way you hold your fork,
its not the stupid things you say in bed when i cum in your face.
the way you hold a cigarette,
the way you smile when you're wet,
the way you make me cups of tea when i stay round at your place.Its just the shoes you wear,
its your shoes that turn me on,
i dont choose to stare,
so please dont get me wrongI think your shoes can say alot,
'bout who you are or who you're not
so much more than gloves or coats or hats or trousers can,
but when i see you out in heels,
then i know your not for me.
but it's a different thing if your wearing converse all starsIts just the shoes you wear,
its your shoes that turn me on,
i dont choose to stare,
so please dont get me wrongIts the shoes you wear
that have made us last so long
its the shoes you wear
its the shoes that turn me on
