Pass It On

Ugly Duckling

Ladies and Gentlemen, we've have the Everlast in the house tonight
I think they got something they want to say
I'm here to uplift, I don't bug, I don't drift
Away from my subjects, not even if my
Music stops or my beat is gone
I'm just here to express myself and pass it on
Speak much words of wisdom, Everlast has to jism
So sit back, relax, kick up your feet and listen to E
'Cause that's me no others can be, half as fine
I'll blow your mind, with the M I C
Get off the tip quick, boy you're making me sick
No other brother could be as smart as my man Kool Nick
Understand, he's my man with the plan
We come to parties with the possies, just to gain some fans
The posse is strong, the lines are long
People flocking to my shows just to hear a song like this
It's not a diss, it's a mouth full of bliss
Throw your hands in the air and blow me a kiss from the crowd
'Cause I'm proud, I'll say my name loud
Everlast pounds songs like a thunderin' cloud
It's not rock and roll, it's hip hop music
It's got a lot of soul if you learn how to use it
Well, I'm here to tell suckers, go to hell
Others tried to take me down, there the ones who fell
Ignorence, was then there for
Take it a little at a time, don't go for it all at once
'Cause that's just stupid, it don't make cents
Just relax and move your body don't look so tense
I'm not here to diss nobody, I'm just having some fun
Everlast lasts forever that's why I'm number one so pass it on
With the forty in my fist, brakin' out my list
Of all the suckers I'm out to diss
There's none to match me, or ever catch me
Off my guard so they can scratch me
Off the MC All-Star Team
Everlast is number one, that means I reign supreme
'Cause there ain't no others, listen up brother
Just 'cause I'm white don't mean that I'm another sucker
On the microphone, frontin' and fakin'

Not Mexican, Asian, Black, or Jamaican
Just a sensation made to be Caucasian
Get ready brothers, here comes an invasion
Don't try to stop it, you got a rhyme, drop it
You might detect that respects my topic
I won't rush you, but I'll discuss it
Go ahead and pop your shot if you think you can bust it
Bit I'ma go on, I'm gonna talk some more
I guarantee you won't be bored if you get on the floor
And go for yours, say that you did it
Get up get out your seats get on the floor and get with it
And listen to the rhyme I like to call mine
I rehearsed every verse and soon you will find
Not one mistake so don't try to brake
Or talk about takin' out my dope rhymes I make just pass 'em on
You're going wild for my flowing style
I don't stutter, I utter words, versatile
I'm entertaining with my brain, and always wearing a smile
I don't front, I don't fake, I run the whole mile
You clap 'cause I snap like a Crocodile
Whether I'm on the stage or in my domicile
I'm not feelin', I'ma smokin' tell you I'm no joke
You schemin' for my lyrics 'cause you know they're dope
Don't give me no no more wap, pour me glass of Rosae
I say soul to your health, and then I blow you away
Now said Simon on the Pieman, just rhymin' from my highway
The ones on the ladder, success I'm climbin'
Fierce like a lion, keepin' ducks tame
Murderin' into bits of MC's till none remain
Whose getting dumb, I'm number one shinin' like the sun
With a mic and my host and I'm on the run
Gunnin' down M.C.s and writin' on the wall
I gotta show down if you got the balls
Commence is my defense 'cause you makin' me tense
I make a lot a dollars but I make more cents so pass it on
Pass it on, pass it down the line
I can throw with the best, I go rhyme for rhyme
With that something claimin' talent
Thinkin' they got something
But what you don't realize is Everlast is number one
'Cause Everlast is on a superior level
Go ahead and laugh, call me a devil
I won't care, yeah, my skin is fair
But I fill it rhyme for rhyme anytime or where with you
Or any part of your crew and when I finish, you'll diminish

Take a sip of my brew and step off
Clear my throat with a cough and bust a move
To show 'em prove that I'm hard not soft
And with my DJ Bilal my beat will be furnish
You'll find with my rhyme your mind will be nourished
With wisdom and knowledge, yeah, I went to college
And if you get dissed, I won't apologize
'Cause that's not part of my rise, and I go on and on I go to any length
Just to show you when I throw my rhymes on the strength
I like to see the crowd moving when I come on
I'm trying to get my message across and pass it on
